To
The Principals
JNTU Kakinada Affiliated Colleges

You all know that intra semester break was dispensed with and the supplementary exams are planned to be conducted in May / June. Most of the Principals and college administrators have welcomed this move.

But some of the final year students and their parents worrying about these examinations. They are mailing to me and University administrators regarding their worries. I think the students might have approached you also. You try to find out their feelings. There are also suggestions to conduct the supplementary exams daily instead of alternative days.

In this regard I request your ideas / feelings / response to be mailed to me (de@jntukakinada.edu.in) at the earliest but before 19/01/2009 afternoon so that we can take an appropriate decision. If necessary we may call the meeting of the Principals having IV year B.Tech.

Let us share our thoughts to run the system effectively.
